CLASS INFORMATION

CRIME SCENE INVESTIGATION

ANHS ROOM 905

The course covers the collection and evaluation of evidence found at a crime scene using a variety of chemical, physical and microscopic examination techniques. Topics include but are not limited to blood splatter analysis, fingerprints, glass and fiber, toxicology, firearms, DNA, entomology, question documents, hair, and serology.

5 CREDITS

EMERGENCY MEDICAL RESPONDER

CVHS ROOM B4

This course prepares students for entry-level positions in the pre-hospital care industry. Students are introduced to a variety of topics including human anatomy, communication and documentation, patient assessment, vital signs, lifting and moving patients, tending to infants and children and ambulance operations.

5 CREDITS

MEDICAL ASSISTING - FRONT OFFICE

CCA TRAINING CENTER ROOM P15

This course prepares students for employment as a front office medical assistant, insurance clerk or receptionist. Computerized scheduling procedures, patient receptions, telephone techniques, records management, bookkeeping, collections, health insurance billing, and medical terminology are covered.

5 CREDITS

MEDICAL INNOVATION, RESEARCH, & ENTREPRENEURSHIP

ZOOM MEETINGS WITH IN-PERSON FIELD TRIPS

This 3-week, cross-disciplinary course combines science, research, law, AI, and entrepreneurship to impart a real-world view of the multidisciplinary skills needed to thrive in the biotech/medtech entrepreneurial world. Classes are held on zoom with CCA instructors and guest speakers from the University Lab Partners., CHOC hospital and UCI.
